DOE/RFO Supplemental Comments on EG&G Standard Operating Procedure, "Bald Eagle Protection Plan-SMN-048-94"

S. M. Nesta, Manager EG&G Rocky Flats, Ecology and NEPA Division

Attached are supplemental comments to the subject standard operating procedures (SOP). While minor in nature, nevertheless, we believe these suggestions assist in further clarifying the intent of the SOP.

Given the status of implementation for a number of projects associated with the Rocky Flats Site, particularly toward the eastern aspects of the Buffer Zone and within OU3 and given the status of wintering bald eagles in the vicinity of RFS, the Environmental Protection Division encourages this SOP to be implemented immediately.

Please contact me at extension 3424 if you or your staff have questions or require further information.
